CROSSROADS

Music & Lyrics by Victor N. Hafichuk

C **Bb** **C**
At times while traveling you will come to some crossroads.
Bb **C** **C7**
They'll come in sight just when you least expect them.
F **G** **C** **C7**
And then you'll have to decide
F **G** **C** **C7**
To walk the path of truth or run and hide
F **G** **Am** **F**
But if you choose the right path, you'll travel further on...
C **G** **C**
Till crossroads come into your sight again.

C **Bb** **C**
How can you tell to choose the right path from the wrong?
Bb **C** **C7**
Do signposts fill you in so you can easily tell?
F **G** **C** **C7**
Everything appears to be so good
F **G** **C** **C7**
And you may think it's easily understood,
F **G** **Am** **F**
But listen to the Voice inside whose motive is for good
C **G** **C**
And recognize the peace that's in your soul.

C **Bb** **C**
Some paths we take that we can never change again.
Bb **C** **C7**
They may be easy first but harder in the end.
F **G** **C** **C7**
Don't ever take the road that looks so smooth;
F **G** **C** **C7**
It's smooth from crowds who've passed by foolishly;
F **G** **Am** **F**
The rarely traveled road with rocks and holes for traveling guests
C **G** **C** **C7**
Is the road that leads you to the truth of life.

F **G** **C** **C7**
So if you want it easier for now
F **G** **C** **C7**
Then take the road that pleases you the most,
F **G** **Am** **F**
But if it's peace instead of shame you'll want to meet at last,
C **G** **C** **C7**
Then ponder all these things before you choose.
