

WHAT WILL BE WILL BE

Music & Lyrics by Victor N. Hafichuk

Verse 1:

G **D**
Lord, when You first called out my name,
G
I knew I couldn't be the same;
C **Am**
I didn't know what I would do..... or be;
G **D** **G**
I thought the future I could see.

Verse 2:

G **D**
For a while I ran in reckless joy;
G
I played with You like boy with toy,
C **Am**
And slowly I began to understand
D **G**
That You are Lord and it's Your Hand.

CHORUS:

C **G G7**
Right now I know that You're with me
C **G G7**
And through these tears it's hard to see
C **G**
What's going on with You and me
D **G**
But You've said, "What will be will be."

Verse 3:

G **D**
It's been so hard for me to be so still;
G
Like fire to ice it's will to will.
C **Am**
You've shown me that I'm the one so cold,
G **D** **G**
Yet in my ways I've been so bold.

CHORUS:

C **G G7**
Right now I know that You're with me
C **G G7**
And through these tears it's hard to see
C **G**
What's going on with You and me
D **G**
But You've said, "What will be will be."

Verse 4:

Nothing's going the way I thought it would;

It's so different and very strange.

Sometimes I wonder if I've gone astray;

Seems no one's here to come my way.

CHORUS:

Right now I know that You're with me

And through these tears it's hard to see

What's going on with You and me

But You've said, "What will be will be."

Chorus repeat 2x

(Last line is repeated 2nd time through)
